

PROFILE

Computer Science student with experience in Python, React and MongoDB. I enjoy building practical projects and solving problems with clean and simple code. Looking for an internship where I can contribute to real work and grow as a developer.

MOHAMMED MUSAIB

Full Stack Developer(intern)

EDUCATION

SSC-[Stamford Grammer High School]
Aziz Bagh colony, Shaikpet Hyderabad.
GPA : 92%
IPE+Eamcet-[Narayana Junior College]
Mehdipatnam ,Hyderabad.
GPA :797

PROJECT EXPERIENCE

Smart Course Hub

Designed and developed a course management platform with login, signup and an admin panel. Built the frontend using React with reusable components and clean UI flow. Integrated MongoDB for secure storage of user profiles, courses and admin data. Implemented structured navigation, form validation and responsive design suitable for real-world deployment.

Portfolio website

Built a course management platform with login, signup and an admin panel. Developed the frontend in React with reusable UI components and clear navigation flow.

Integrated MongoDB for user and course data. Added form validation, responsive design and a structured dashboard suitable for real project environments.
